

## Word for 2024 – Charlene Luke

I hear the Lord saying Evangelism. Worldwide evangelism.

Go into all the world and preach the gospel.

Those near and far will hear about the marvelous work of Jesus's death on the cross to save mankind from the curse of sin and death.

The world will change in 2024.

There will be more exposure to government cover-ups and backroom deals.

We can count on the Lord to expose a way of life in powerful places that has become just that a way of life. I hear the Lord saying I want to be known in parts of the world however corrupt government cannot stand.

If my people who are called by my name will humble themselves and pray. I will heal their land says the Lord. My spirit will move on many nations as the tsunami of souls continues to trickle in this year.

I have already dispensed angels to remove principalities over regions. Hamilton and other cities and towns in Canada are amongst those regions but there is more freedom coming in 2024 says the Lord.

USA will continue to take a stand for the unborn which will remove a curse that has been over their land. The Holy Spirit has already begun a new work within the US government and He will not stop until completion of that work. This will influence this nation even as oil drips from Aaron's beard down onto the people.

China will notice an increase in their underground churches. Although China will be used by its government in the final battle against Israel there will still be millions in China that give their hearts to the Lord now and on that final day.

Get ready Israel for my return. The messianic church will begin to grow in Israel. Many new churches that confess Jesus as Lord will be birthed in Israel this year.

The eyes of the world is on Israel and I am calling certain people to start churches there. There will be a move of my spirit in Israel in 2024. God has Israel on His heart and those Jews who give their hearts to the Lord in this season will see my hand upon their lives like never before. I am preparing Israel for an end time move of my spirit says the Lord.

Nations such as Germany will notice a change in their government. Moving more toward Christian leadership will bring a shift toward an open door of evangelism in that nation.

Hamilton Ontario Canada will notice an increase in its homeless due to increased housing costs. However, the church numbers in Hamilton will also increase as people come from near and far to help with the down and out in our city. Hamilton will be evangelized like never before as an extension of my heart's cry for this city says the Lord.

It will be a year of favor for the church's remnant says the Lord. It will be a year like we have never known before. The glory realm will be tangible. Miracle signs and wonders on the streets and in my church.

Open heavens and open doors of opportunity. New opportunities in 2024 as I will open those doors that cannot be shut says the Lord. Worldwide evangelism and increased favor on the church and my church's remnant says the Lord.

Many new believers will come into the church this year which will strengthen the churches resolve says the Lord.

Family salvations will increase along with family restoration says the Lord.

Are you ready? Are you ready? Are you ready? for the greatest move the church has ever seen?

I hear the Lord saying that we are to take advantage of the year of the open the door to change more, to grow more, to step through those open doors and get ourselves ready for the Glory move of the Holy Spirit which will take place in our homes and in our towns and cities and in our nations says the Lord.
