The word of the Lord for us at Eagle Worldwide and The Remnant, The Army of
God in 2024 is ...Delta ... we are positioned to enter into a season of Positive
Deltas!

River Deltas are important in human civilization, as they are major agricultural
production and population centers. They can provide coastline defense and can
impact the drinking water supply. They are also ecologically important, with many
different species present.

Deltas are wetlands that form as rivers empty their water and sediment into
another body of water. River deltas are important in human civilization, as they
are major agricultural production centers and population centers. They can
provide coastline defense and can impact drinking water supply. They are also
ecologically important, with different species' assemblages depending on their
landscape position.

Delta's most common meaning is that of difference or change in something.
Usually, you will hear or see it as delta y, delta t, delta x, etc. Delta occurs most
often when you are working with speed or acceleration or anything that changes.
Yes in this season of acceleration in the midst of change! The difference is in the
Delta Force ...

The Delta model in business is after the Greek letter Delta, standing for
(transformation and change) it is a customer-based approach to strategic
management...

A season of change and transformation with strategy and action !!! A delta force..
The Lord is raising up a "Delta Force."
Let us ...you and I ...Eagle Worldwide Ministries The Body of Christ purpose
ourselves to make a Delta response NOW!

Let us use the New and Now Revelation to make a Delta Response to our calling our mandate and our destiny!

A Delta response is an adjustment or update made in response to new information or stimuli... a delta response refers to a change in reaction or behavior based on new input or feedback.

Arise and Shine! It's Harvest time!
