

Word for 2024 – Maureen Tillett

2024 A Year of Breakthrough & Restoration, A Renewal Year of past disappointments turning to New Divine Appointments & New Beginnings. The past season has closed many doors, this New Season brings Open Doors for you to walk through.

Past challenges that have held you down, those doors of disappointments, of loss, of rejection have closed shut.

The New Doors are wide open to walk through, if you so choose. New Open Doors in many directions, many diverse places, many options available if you so choose.

Everything by choice in the New Season. Capture this new season of opportunity with the doors that are open to You!

This is the year of Open-Door Opportunities in many areas & venues, not just available for the elite but open to all to enter & participate using your giftings & talents all of which are useful in the master's hand. Do not think you're not qualified every perfect gift comes from the Father above where is no shadow of tuning, no favourites all useful in My Kingdom says the Lord.

The time has come the season has come to put your hands to the plow & sow seeds in fertile ground for the ground is fertile in these tumultuous times we live in. This world is waiting for hope ,you are the hope of man, for in you is good seed ready for planting, so sow your seeds in any way you can, a call for Servanthood has gone out in this New Season & many gifts inside you are laying stagnant because you feel you have nothing to give, your not learned enough , your not, your not, your not, BUT I say your are more than enough to spread your seeds, give & it will be given pressed down shaken & I am ready to shake you to let go of those hidden seeds inside of you, spread those seeds amongst the tares of this

world, so don't say I don't have, I don't know, YOU DO! For I created You & placed inside of you many gifts to be used for MY Glory & to see MY Kingdom come, MY Will be done in this age.

So, sow My seeds within you take up your plow and serve wherever needed, every single seed sown will multiply to the harvest of many seeds.
Time to step in, s
