

Word for 2024 – Patty Wallace

I saw a small door, a small opening, and on the other side was a huge, expansive opening ..a door of incredible size, that led into a place of bright light....golden, bright, shimmery, radiant...I was in the room, and there was golden glory all around....golden vessels shining brightly...dripping with oil...I saw my skin, my hair, my nails, golden glory all upon me.....His presence was all around...so powerful....so present....but, how did I get in, the opening, the doorway was so small? How did I get in, Lord? I heard the Lord say, You prostrated yourself in heart....in mind, in soul, in spirit....you humbled yourself....you prostrated yourself and made yourself of no reputation and you came in....you came in...you came into a new dimension of my glory in 2024....you came in through the Open Door...

I hear the Lord saying...2024, a year of golden glory...a year of bridal glory...I'm adorning my bride.....as she humbles herself before me....I'm getting ready to open the door to a radiance, a wonder, a realm that she has never experienced.... As she prostrates herself before me in humility...I'm conditioning her...oiling her....anointing her...To go through.....I hear the Lord say, into a new realm of expansiveness....she will see the riches of my Kingdom displayed...new power....new authority...new anointings...new strength, new energy, new focus, newness of mind, newness of heart.... newness of glory.....I'm adorning my bride, says the Lord...

Now, I see great muscles....I hear the Lord say I am moving Eagle Worldwide Ministries into a great position of strength... even as the winds of opposition have blown against you, so I have caused you to push back in prayer, pushback in faith, pushback in vision, and pushback in pursuit of Me. Every hinderance and every trial has positioned you for a greater glory and a greater strength. Get ready, says the Lord, for the finest hours coming.... know that I've seen every seed sown, and this shall be a great year of harvest in 2024, says the Lord, your finest hour of strength, spiritual muscles bulging...and faith to move mountains...

Now, I see Dr. Russ and he has his boxing gloves on, the Lord says a new generation of fighters, a new generation of warriors being raised up, get ready generation Z (born 1995 to 2009), generation alpha (2010 to 2024)... Joshua is here and the Lord is training your hands for war...

Watch as I take your focus off what used to be and put your focus back on Me...2024....a year of greater glory says the Lord!
